A Short History.

Before going into Real Estate full time, I was a computer consultant for several years.

At one time I had a client that did a lot of proof reading. They were making the same type errors over and over again.

Eventually they asked me if I would try to see if I could find the problem.

After spending time with the proof readers I came up with this little test. It helped to show them why the errors were made.

Good Luck, don't cheat.

Read Following Sentence.

***FINISHED FILES ARE THE
RESULT OF YEARS OF SCIENTIFIC
STUDY COMBINED WITH THE
EXPERIENCE OF YEARS.***

Now count aloud the F's in the above sentence.
Count them ONLY ONCE; do not go back and count them again.

How many did you count ????

~~~~~ Answer Below. ~~~~~

There are six F's in the sentence.  
Most people only find only three F's.

If you think it is impossible, contact me for answer.
